

ENVIRONMENTAL POLICY

Jonsa Australia Pty Ltd is a wholesale distributor of satellite, FTA and audio visual equipment and provider of professional consulting and design services to the commercial, wholesale and retail industry. This policy represents our general position on environmental issues and the policies and practices we will apply in conducting business.

Our Mission

Our mission is to continuously review our business processes and procedures to seek excellence in every aspect of what we do in the minimisation of environmental impact on not only our business operations but our customers as well. This will be achieved by providing the highest standard so customer service and interaction with our customers and a clear understanding of their needs in respect to environmental requirements.

Our business is founded upon communicating teamwork, trust and mutual respect. We provide our employees with a caring, motivating and rewarding environment. Jonsa Australia continually succeed by passing on experience, dedication and knowledge to our customers.

Jonsa Australia strive to act in a professional manner at all times by dealing fairly and honestly. Our internal and external relationships maintain a high level of integrity, ensuring that our customers are kept well informed by our company, remaining a well respected leader in the industry.

OUR ENVIRONMENTAL PHILOSOPHY

- Strive to continuously improve our environmental performance and integrate recognised applicable best practice into business operations
- Reduce our consumption of resources and improve efficiency in the use of these resources through best practice
- Manage waste generated from our business operations according to the principles of reduction, reuse and recycling
- Manage our business operations to prevent pollution
- Ensure environmental criteria are taken into account in the procurement of goods and services
- Comply with all relevant environmental legislation as well as other environmental requirements to which
- Jonsa Australia subscribes

Our Environmental Goal

Jonsa Australia strives to be a leader in environmentally responsible operations. The initial, lifecycle and environmental costs and benefits of projects will be considered in order to reduce the impact of operation on the environment within realistic parameters. The company will achieve these goals, and seek continuously to improve upon them over time, through the broad participation of the management and staff.
